

BOARD RESOLUTION NO. 188
Series of 2014

**CREATING A MECHANICAL, ELECTRICAL, PLUMBING AND
FIRE PROTECTION (MEPF) SPECIALTY CLASSIFICATION CLUSTER**

WHEREAS, the trend in contracting out specialty works in building construction like mechanical, electrical, plumbing and sanitary and fire protection work is to assign the works to a contractor with the foregoing capability;

WHEREAS, in response to this new trend a new specialty classification has to be created to afford project owners with contractors of MEPF classification;

WHEREAS, the Board is empowered to add to, delete, modify and/or alter the classifications enumerated in the Rules;

NOW THEREFORE, based on the foregoing, the Board RESOLVED to create an MEPF classification cluster under the following conditions:

1. Financial Requirements shall follow the Table for Specialty License
2. Technical Requirements – in order to qualify for the MEPF Specialty Classification, the contractor must have as a minimum, the following sustaining technical employee with the necessary length of service:
 - Mechanical engineers with experience in mechanical works
 - Mechanical engineers with experience in fire protection works
 - Sanitary engineer or registered master plumbers with experience in plumbing works
 - Electrical engineers with experience in electrical works

PROVIDED that an individual who possesses a combination of any or all the qualification requirements of the above shall be deemed to have met the required technical experience in his specialization.

PROVIDED further a contractor whose principal classification is MEPF shall comply with the minimum individual experience of the STEs and corresponding man years for the category applied for.

This Resolution shall take effect fifteen (15) days from publication in a newspaper of general circulation.
