

CIAP Quality Policy

Construction Industry Authority of the Philippines (CIAP) promotes, accelerates, and regulates the construction industry's growth and development.

We are at the forefront of construction industry policy and program formulation, development, and implementation by focusing on the following:

- Provision of quality service responsive to current and emerging needs;
- Optimal utilization of resources and harnessing the fullest potential of our people; and
- Consistent application of good governance.

We commit to continually improve our quality management system while upholding the values of professionalism, integrity, and commitment to public service.
